

2014 Market outlook

*Analysis using contemporary technical analysis tools
and studying the big picture*

*One of two presentations to the
Melbourne ATAA meeting
January 2014*

Robert Brain

Introduction & Housekeeping

Santa Rally & 2014 Outlook

The Melbourne ATAA presentation covered two topics, with the slides for each topic available in two separate files:

- ➔ **The truth about the *Santa Rally*** — is it really true? or is it fiction?
- ➔ **Australian market outlook for 2014** using key technical analysis tools, analysing the All Ordinaries index (utilising key details from Robert's “4 Windows” approach).
