Beautiful Gold Coast location.

Thousands of opportunities to travel further.

So easy to use the G:link light rail service

It stops at the front of the hotel at Florida Gardens station,
and services a 13km stretch from Gold Coast University Hospital
in the north to Broadbeach in the south.

Or travel further afield in Queensland!

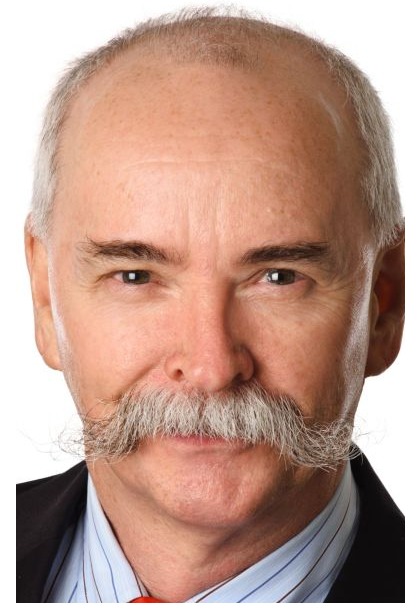

The view from the Crowne Plaza hotel
Four Winds restaurant,
Queensland's only revolving restaurant
with fantastic views of the Gold Coast.
